ServiceNow Powers Enterprise AI with OpenAI

[OpenAI Blog](#) · Jan 20

ServiceNow expanding access to OpenAI frontier models for enterprise workflows, summarization, search, and voice.

🧠 Thinking & Strategy

Morgan Housel: Wealth = What You Have – What You Want

[Farnam Street](#) · Jan 15

Morgan Housel on building wealth and buying freedom:

- Skills to **get** rich ≠ skills to **stay** rich
- Why "boring" investing beats everything
- Framework for minimizing financial stress
- Happiness vs. satisfaction — different things

"Wealth is what you have minus what you want."

Countries Need to End the Capability Overhang

[OpenAI Report](#) · Jan 21

OpenAI report reveals stark differences in AI adoption across countries. Most nations aren't capturing productivity gains from AI — not because the tech isn't there, but because adoption lags capability.

Dev & Infrastructure

OpenAI: Strengthening US AI Supply Chain

[OpenAI Blog](#) · Jan 15

New RFP to accelerate domestic AI manufacturing, create jobs, and scale infrastructure. Reducing dependence on overseas supply chains.
